

CASCADE AIR BIKE UNLIMITED

Built Tough To Last Long

Commercial quality, the Cascade Unlimited Air Bike is built to be the strongest and most durable air bike ever made. In air bike technology, weight and tough construction matters – as users often engage in high intensity total body workouts in and out of the saddle.

Comfortable and easy to use, the Cascade Air Bike offers unlimited air resistance. Like with all air bikes, the individual controls the intensity as they pedal, push, and pull to meet their own fitness objectives. The large foot pegs also make it simple when users only want a great upper body workout. The Cascade Unlimited model is designed with multi-grip handlebars and pedals with cages.

Cascade Air Bike Unlimited

CASCADE AIR BIKES – KEY PRODUCT FEATURES
