

The XT685 offers a large workout area with a $22'' \times 60''$ belt. The 3'' crowned rollers allow for a lower tension system, which creates less heat and stress making for more reliable, longer-lasting system. Combine that with our 1'' thick deck with hard wax system and you get a treadmill that will stand up to the many hours of use. With a long list of premium features that will delight your clients and weighing in at 269 lbs., the XT685 is a great option for your facility.

XT685 TREADMILL

- Oversized 9" bright blue backlit LCD screen with separate Muscle Activation Profile and HR % Profile LED displays
- Remote Handlebar Toggles for both speed and incline allow for secure workout changes without taking your hands off the side handlebars
- Contact and wireless heart rate monitoring options make your workouts more effective (chest strap transmitter included)
- Spacious 22" x 60" workout area with powerful 4.0HP motor and wax deck system
- Adjustable cooling fan and dual speakers with audio jack for comfort and entertainment
- Quick Speed and Incline keys to save time and make workouts more efficient

XT685 CONSOLE FEATURES

As with any product, a major importance is the user interface. We focused on making everything easily accessible and comfortable: dual storage trays, handlebar mounted speed and incline toggles, ergonomically friendly pulse grips, adjustable cooling fan and integrated speakers with audio jack to keep you encouraged to work out longer.

A quick press of a button and you are off on a walk, a run, or one of the many specialized work outs. Our large, easy-to-read console gives you constant feedback on all areas of your workout.
