FREERUNNER™ 10TRX

The 10TRx FreeRunner creates a revolutionary feel for runners and walkers. HexDeck Technology creates an unprecedented cushion and responsiveness – lightweight walkers, heavyweight runners and everyone in between will experience initial cushion/flex at foot strike, along with an immediate response, returning support and energy for the push off.

HEXDECK TECHNOLOGY

Our HexDeck System features an aluminum deck supported by a proprietary, hexagonal polymer suspension system. The deck dissipates heat, keeping a cooler surface for the belt and reducing wear. The deck panel will last many times longer than MDF - only a thin phenolic layer needs replaced when worn, significantly reducing the labor and material long-term cost of ownership.

OPENHUB CONSOLE

The 19" Capacitive Touch OpenHub Console offers a premium user interface design, Star Trac 20 HIIT Programming, RunTV and web-based media access for news, entertainment and workout motivation. With standard features like HDMI streaming, Bluetooth connectivity and TV tuner options, this is a display that has something for every user.

10-TRX FREERUNNER

BASE FEATURES	
DECK SYSTEM	Reverible Aluminum deck with independently-replaceable phenolic sheet
RUNNING BELT SYSTEM	22in (55cm) wide belt
SIZE OF RUNNING SURFACE	60in x 22in (152cm x 55cm)
ABSORPTION SYSTEM	HexDeck aluminum deck supported by proprietary hexagonal suspension system provides a revolutionary combination of shock absorption + response
STEP UP HEIGHT	11in (28cm)
INCLINE RANGE	0-20% max incline
SPEED RANGE	0.5-15mph (0.5-24kmh)
HEART RATE MEASUREMENT SYSTEM	Telemetry and contact HR, Bluetooth w/19" display option
CENTER CONTROLS BAR	Easily accessible Hot Bar® is located closer to the user with one-finger speed and elevation controls, integrated stop button and contact heart rate grips
