This is the culmination of decades of research and development in the field of whole body vibration training. The Power Plate® pro5™ machine brings the latest technology together to provide a wide range of frequency and time settings. By letting you increase vibration levels incrementally, it can take you as far as you want to go with your fitness goals while letting you move at your own pace. The large plate surface provides vibration to more parts of your body. More plate surface also means more exercise options. This machine is ideal as a home health solution and it's also a proven success in commercial settings for wellness, beauty, fitness, active aging, sports performance, medicine, or rehabilitation.
